

COMMUNITY COLLEGE
OF RHODE ISLAND

Office of Human Resources

POSITION DESCRIPTION

POSITION:	Information Technologist
LOCATION:	Department of Information Technology Initially located at the Flanagan Campus, Lincoln, RI
REPORTS TO:	Technical Support Specialist III
GRADE:	CCRIPSA 10
WORK SCHEDULE:	Non-standard, 35 hours per week
SUPERVISES:	May supervise support staff; part time and student employees

CCRI Mission:

The Community College of Rhode Island is the state's only public comprehensive associate degree-granting institution. We provide affordable open access to higher education at locations throughout the state. Our primary mission is to offer recent high school graduates and returning adults the opportunity to acquire the knowledge and skills necessary for intellectual, professional and personal growth through an array of academic, career and lifelong learning programs. We meet the wide-ranging educational needs of our diverse student population, building on our rich tradition of excellence in teaching and our dedication to all students with the ability and motivation to succeed. We set high academic standards necessary for transfer and career success, champion diversity, respond to community needs, and contribute to our state's economic development and the region's workforce.

JOB SUMMARY: Provide multimedia services, technology support and training to faculty, staff, students, administrators, and the college community.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Responsible for the provision, support and proficient functionality of multimedia technology in all classrooms, labs, auditoria, conference rooms, and other community spaces
- Setup presentation technology systems and operate media control devices in support of college and community events
- Provide training, demonstrations, webinars and technical support on current technologies, new products, and interactive applications
- Support audio/video conferencing, desktop and mobile web conferencing along with alternative digital collaboration tools

Knight Campus

- Develop screen captures, create training videos and documentation regarding multimedia technology and supported academic applications for the purpose of education and training
- Upload college produced tutorials onto video server; assist user access to self-service media library
- Demonstrate and assist users with live video recording, editing and final production
- Support various media and file formats; transfers, duplications and application integration
- Assist with production of mobile and desktop lecture capture systems
- Provide instruction and support for mobile media carts including laptops, tablets, iPads, and other wireless technologies utilized within learning spaces
- Setup and support portable and installed sound systems, cable TV and college closed-circuit system
- Participate in the development, design, updates and maintenance of the IT website
- Participate in standardization strategies for classroom technology, source management and control, and web documentation to support various learning spaces
- Develop technology user guides for classrooms; make available on desktop, on-line and on-demand
- Incorporate and support classroom management software solutions in selected rooms
- Ensure security of classroom equipment, systems and digital tools with approved methods and devices
- Facilitate and oversee equipment loans for academic use by faculty and staff
- Utilize ticket-tracking management system and maintain classroom data reports on equipment issues
- Utilize college work order system and collaborate with college facilities regarding the installation of technology within the campus learning spaces; expedite repair and work order requests
- Maintain classroom and production technologies, operational supplies and inventories. Compile reports
- Hire, supervise, train and oversee work assignments of auxiliary employees

OTHER DUTIES AND RESPONSIBILITIES:

- Maintain current knowledge of a wide array of educational technology, pedagogy and best practices in higher education.
- Participate in the research, testing and development of emerging technologies and digital applications
- Stay informed by participating in professional development seminars, attending workshops, meetings, and technology related conferences.
- Assist with department IT projects and other assigned duties
- Demonstrate a commitment to the philosophy and mission of a comprehensive community college.
- Work collaboratively with others and provide quality customer service in a diverse and inclusive environment.

LICENSES, TOOLS AND EQUIPMENT:

Includes but not limited to: AV, computer and presentation technologies, digital classroom and mobile equipment; multimedia capture, production, editing and programming tools; campus

sound and control systems; and related software applications/licenses. Must have access to and use of own transportation.

ENVIRONMENTAL CONDITIONS:

This position is not substantially exposed to adverse environmental conditions; however lifting equipment and providing outside equipment setups is required on occasion.

QUALIFICATIONS:

- Associate's degree in a related technology field required; bachelor's degree in a related technology field preferred.
- A minimum of two years of relevant experience required.
- Demonstrated experience in the use, training and support of computer technologies, classroom presentation equipment, capture and media control systems, sound systems, digital conferencing, media production and instructional applications required.
- Experience in IT trouble-shooting, documenting reports, and providing technical resolutions is required.
- Experience teaching technical training sessions in a higher education environment is preferred.
- Excellent written and oral communication, analytical and organizational skills required
- Strong interpersonal skills and ability to work effectively and collaboratively with administrators, faculty, students and colleagues is required.
- Must be able to accommodate flexible work schedule on occasion as needed.

CCRI is an Equal Opportunity / Affirmative Action Employer.

CCRI recognizes that diversity and inclusivity are essential to creating a dynamic, positive and high-performing educational and work environment and to helping prepare our students for lifelong success. We welcome applicants who can contribute to the College's commitment to excellence created by diversity and inclusivity.

CCRI prohibits discrimination, including harassment and retaliation, on the basis of race, color, national or ethnic origin, gender, gender identity or expression, religion, disability, age, sexual orientation, genetic information, marital status, citizenship status or status as a protected veteran. Inquiries or complaints concerning discrimination shall be referred to the College's Director of Institutional Equity & Title IX Coordinator, Elizabeth Canning, ecanning@ccri.edu.

The Jeanne Clery Act requires institutions of higher education to disclose campus policy statements and crime statistics. Our annual report is available here:
