4. NON-ACTION/ANNOUNCEMENTS

5. ACTION/VOTING ITEMS

NON-ACTION/ANNOUNCEMENTS

1. After CRC had approved the JAA URI Human Development and Family Science at its October 4, 2024 meeting, it was noticed that “Early Childhood Education” was incorrectly typed in the second paragraph of the program description. The correct wording should be “Human Development and Family Science.” The correction was made.
2. CRC will have additional meetings on Friday November 22, 2024 and Friday December 13, 2024. These additional meetings will be used for JAA’s and any tabled items from the November 1, 2024 or December 6, 2024 meetings.

ACTION/VOTING ITEMS

Chair Stargard began the meeting by asking the CRC members if there was value in including a syllabus to each proposal in CIM. Cheryl Amantea, Cynthia Johnson, and Kathy Blessing all agreed that it would be helpful. Cynthia stated that before CIM, a syllabus was always included.

Motion to require syllabi for all proposals going forward: Mark England, 2nd Eileen James.
The committee voted 9 to 0, with 0 abstentions to require syllabi for all proposals in CIM.

Revised Course Proposal: Clinical Radiography
XRAY 1010, 3 credits
Originator: Maddie Josephs

RATIONALE:

This course description is being updated to reflect the current standards of practice.

CATALOG DESCRIPTION:

This course familiarizes students with the field of radiological technology. Topics include basic anatomy, patient care, body mechanics as well as radiation protection and safety. The anatomy, positioning and image critique for selected procedures are included and coordinated with laboratory practice and clinical application. Students are assigned to a four-week clinical rotation upon successful completion of the classroom and lab portion of this course.
