

PSA Monthly
May 2020

From the President...

Hello members, I want to thank you again for your incredible flexibility during our tele-work days. I know many departments have found creative ways to assist our community! The month of May is always busy at CCRI... end of the spring term, graduation, start of summer session I, etc. I know you will all continue to help our students reach their goals. We are not yet ready to return to our physical campuses; however, your work is essential to keep our College running!

Respectfully, Jude
