

**PSA Monthly
June 2020**

From the President...

I can hardly believe it is already June! As always, I'm so pleased with our members willingness to be creative day-to-day to help our students, staff, and faculty. In addition, I want to mention that several of our PSA members have not been tele-working, due to the nature of their positions. For those that have been going on campus regularly or in a limited capacity, thank you for keeping everything running smoothly!

While we are not holding our regular summer meeting, we will all be back together soon. In the meantime, please stay safe, take time to enjoy each day and find new ways to embrace our "new normal".

Respectfully, Jude

PSA and ESPA...

Recently, the Presidents of PSA and ESPA participated in a college reopening meeting with AVP Ogden. The unions were able to discuss concerns and ideas. A follow-up meeting has been scheduled in June, before CCRI needs to submit a plan to the State for review.

Virtual Town Hall...

President Hughes announced that there will be a virtual town hall to address reopening of the campuses held on Tuesday, June 9, 11:00-12:30. The College will send more information before the event.

Retirement...

As you may know, the State of RI offered an early retirement package this year. For those PSA members that were eligible and decided to take the special offer, we wish you all the happiness that comes with retirement!

Exercise...
