## Any comments? Like suggestions for next year. 18 responses

Should go over more union related things, specifically budgets. Where our dues have gone, plans/costs for the year, etc. Could potentially also report on URI/RIC PSAs, to see what similarities/differences they have than us.

This was my first union retreat. I had such a great time and felt so welcome. Happy to be at CCRI!

The executive board did a great job with this year's event, no suggestions for improvement, great job all!

This was the first one that I attended. Jude and his team have made a huge difference with the much improved communication on union issues. Thanks for bringing us closer together as a team!

better food should be served

The event itself was nice but the space and food should change. Also add some background music by having the radio play. The above suggestions are affordable and personally provides better food and space.

Ice breakers, Party favors , have an event committee, entertainment you ( be surprised who has talent at CCRI. )

Some place on the water, maybe East Greenwich. Great turnout!

Make it more social. Games, music, dance - so you can meet others.

Great opportunity to meet people from other department.

All good!

the Union Retreat was fun and interactive...I enjoyed the afternoon very much. thank you.

Thank you to the new board, great job!

Didn't get any budget info. Thought the energy was excellent, very high. Good vibes.

It was a great afternoon! Thank you to everyone who helped make it happen!

Great event, nice camaraderie. Thank you.

Great job everyone ...refreshing!

Proud to be a Union member...
