

The Cybersecurity Club

Summer Newsletter

By Gail Golomb, President

Hello White Hat Hackers! It's hard to believe we are midsummer already! The club has been busy working behind the scenes all summer.

We had our first summer meeting in Newport in June. We will have our next and last summer meeting in July. Fall will be a busy time for us. We will need some volunteers to help pass out club info and recruit new members for the "All Clubs Days" happening in the beginning of the Fall semester.

Come join us on **July 21, 2018 at 10 am room 1130 Warwick campus** for our next meeting. Lecture will be given by Frank, VP. This is a follow along so be sure to bring your laptops. We'll be working in Kali Linux. If you're not set up with Kali, no worries, Frank will walk you through it.

RSVP for tentative volunteering on all clubs day or for our last summer meeting to Gail: glgolomb@my.ccri.edu

Our members have a diverse range of experience from just starting out to seasoned. If you would like a topic covered in a meeting or would like to lecture at one of our meetings please speak to me anytime. We are open to ideas and want to make sure club members are being served.

Hope to see everyone soon! Enjoy the summer. Gail

Club Officers

President:

Gail Golomb

Vice President:

Frank Giordano

Secretary:

Briscoe Lang

Treasurer:

Sharon Leblanc

Events Chair:

Jonathan Provencal

Events Co-Chair:
