

CAE in Cybersecurity Symposium

This year the annual CAE in Cybersecurity Symposium will take place on November 8-9, 2018 in Miami, Florida. This event is designed to provide the CAE in Cybersecurity Community members and applicants the opportunity to network, receive community updates, and present their research to the community.

The symposium is open to all existing Centers of Academic Excellence in Cyber Defense Education and Research and Cyber Operations colleges and universities, as well as government representatives and invitees. This also includes schools that have applied for CAE Designation or are in the process of applying (applicant checklist must be submitted before attendance at this event).

Registration/Travel Assistance

This event is open to all CAE designated institutions, institutions in the process of applying or those that have applied. Attending the event is free, but registration is required in advance to gain access to the conference. **Registration closes November 1, 2018.** Those seeking travel assistance must register before the November 1st deadline.

Registration Link: <https://www.caecommunity.org/news/2018-cae-cybersecurity-symposium-registration>

Travel assistance is also available for individuals attending the symposium. **(***Note: Travel funding is only available for the CAE in Cybersecurity Symposium. Travel funding is not available for the NICE Conference, although you are encouraged to attend both).**

Call for Proposals

The CAE in Cybersecurity Symposium is accepting proposal submissions on presentations, fastpitch, and special interest groups/birds of a feather meetings.

A tentative symposium schedule is attached for your reference. Please note that some of the special interest group/birds of feather slots for the symposium are on a first come first served basis. Specific rooms may be unavailable upon request. **Deadline to submit a proposal is October 19th, 2018.**
