

## NEAS Standard Eight Meeting Notes

February 23, 2012

A new set of Data First forms were developed and sent to Donna Mesolella.

Feedback from the previous overall meeting was discussed and responses were developed surrounding the content driven from that feedback.

Feedback from the President's Council was shared with the group.

Project management frameworks were developed as well and strategies and next steps were created. From the gathered feedback the team discussed responses and how best to address each.

Preparation for the Professional development Day activities was discussed including the need for trivia questions and what the responsibilities of the team would be.
